Welcome Ranchers

PROUD TO BE AN AMERICAN

Welcome and thank you for your interest in our program. We feel there is no other breeder that can offer the unique breeding that we offer. Every female in our herd has a 100 years of lineage to Gray's Angus bloodlines built on sound, functional females that pass those traits to their progeny.

You will find our bulls sound and ready to work, fed a developmental ration to gain 2.5 pounds per day. Our Two Year Olds run on native pasture in the summer till October - November at which time they are brought in and put on a high roughage growth ration.

All Herd Sires are home raised out of proven dams and granddams, used along with A.I. sires with proven progeny and data. Our cow herd is run in the same environment as commercial cattle on our high hard grass prairie. Calves receive no creep or extra attention.

This year we have added Angus GS testing on some of the bulls. This enables you to compare the genomic ranking of these bulls in the Angus Breed. We have included some of the outstanding results in footnotes of tested bulls. We are not a breeder that chooses certain EPDs but we try to produce multi-trait, Complete Package Cattle that perform in all aspects of the cattle industry. If we can assist you with your cattle needs, feel free to contact us on our unique program.

Enjoy this wonderful Cattle Business,

Rod & Laura Gray Family

Naomi & Jeff Pelster Family, Levi & Sarah Gray Family, Colt and Riyatta Gray Family,
Heath and Kelsey Gray, and Garret Gray
